Instructions for Designating Membership and Participation: Referring to the 2006-07 "PSIA Academic Program Brief" description brochure, check the boxes corresponding to the grade levels of events in which students on your campus are projected to participate. Note that the \$25 fee covers all grade levels at which a contest is offered. If you check the "All Contests Offered" blank, please also check the grade levels at which you anticipate participation. Membership fees are based on average grade level enrollment of 23 or fewer for "A" and 24 or greater for "AA," and this fee is separate from participation fees. The symbol ° indicates grade levels at which a contest is offered. Merged cells indicate contests with combined grade levels for judging/grading. Three students may be entered in each contest, with the exception of One-Act Play, which may have up to 19 entries.
